### **Critical Illness Insurance**

#### GUARANTEED ISSUE UP TO \$25,000! \$50,000 MAX!

Concentrate on your recovery, not your finances. Critical illness insurance provides a single cash benefit paid directly to you if you're diagnosed or treated for a covered critical illness -- giving you the flexibility to help pay bills related to treatment or to help with everyday living expenses, such as car payments, the mortgage, groceries, or utility bills. Consider how you would manage if you were unable to work due to an illness.

Critical Illness				
Critical illness insurance provides a lump-sum cash benefit which the primary can use however they wish. After the critical illness diagnosis, the insured person will receive a lump-sum percentage of the elected benefit amount. The diagnosis must be made after the effective date of the certificate.				
This benefit provides each insured person with an opportunity to receive an additional payment for the same critical illness. The Recurrence Benefit is a percentage of the Critical Illness Benefit amount and the percentage is selected by the association. A recurrence of the same critical illness must be separated by a 12 month waiting period. Only one Recurrence Benefit will be paid for each critical illness.				
This benefit can help pay the costs for a screening test for early disease signs and lead to earlier intervention, better outcomes and healthier primaries. The benefit is payable once per calendar year per insured person.
